Solid line

This line fit the bill for a new anchor line. I even cut 2 short pieces off the end to make matching dock lines. Not a lot of stretch and it's very durable. It's been through one boating season and is kept below deck and no mold or mildew has appeared to be on the surface. Would for sure purchase again if I needed to.

Decent product at a good price

Reviewed in the United States on August 11, 2025

Color: 3/8"x150' Royal Blue **Verified Purchase**

Pretty good product. It's easy on the hands and reasonably priced. My only complaint is that it shrinks a bit over time when exposed to direct sunlight. After a summer, 25 feet of rope becomes about 24 feet. Other than that, I like it.

Good Quality - Good Price

Looks like a great anchor rope. We used it for the first time last weekend. Table Rock Lake has a lot of trees and snags beneath the surface. This rope looks like it will be strong enough to pull an anchor loose if needed..

The rope kinked as I was taking it off the reel. Pretty well ruined the rope. Should have spent more .oney on better quality.
